

**Please check:**

- ✓ For spelling mistakes and missing digits
- ✓ That you've included all your vital details (email, URL, etc)
- ✓ That your design is contained within the safe area (explained to the right, if you're not sure)
- ✓ The orientation of your design. To check, fold this page in half - do your designs face the right way up?

**Don't forget:**

The colour will look different on your screen to the final print.

This proof is not a print-ready file. Any images on this preview are high-resolution, but are not our full print resolution. So your final print will look even snazzier than it does already.

**What do the symbols mean?**

- Bleed (your design should fill this)
- Trim (this is where we aim to trim your cards)
- Safe area (make sure any important aspects of your design are inside of the safe area)
